Members absent: Lia Morales, Jim Steadman (excused) and Kristin Witte (excused)

Council Advisor Deb Johnson and Stan Campbell, director, were also present.

II. Approval of Minutes

Amanda Miller made and Scott Truckenbrod seconded a motion to approve the minutes. The motion was unanimously approved.

III. Campus Recreation Appeal Hearing

Ron Miller representing Intramural Sports and Patrick Radigan representing his intramural teammates were both present. The appellant requested that the Advisory Council make an exception to Intramural Sports bylaw 17 that states: "Any person lettering from a four (4) year collegiate institution will not be eligible to participate in the sport and/or related activities until one academic year has passed since receiving the award. The rule applies to transfer students as well as to UNL lettering athletes. The academic year in which the award was earned does not count as the first year of the one year waiting period."

Patrick Radigan asked the Advisory Council to consider making an exception to the Intramural Sports rule in their team's circumstance:

- Dominique Kelley, a women's basketball athlete who was injured much of last season, is hoping to be eligible to play on Patrick's intramural basketball team this semester. They argue that she has technically already sat out a year since she was injured in December of 2011 and hasn't participated for two semesters.
- Jessica Periago, another women's basketball athlete. She played her last season of women's basketball last year and is hoping to get the chance to play in intramurals before she returns to France at the end of the year.
- Dominique and Jessica were both scholarship athletes and both received varsity letters last year.

President Knuth thanked Patrick for coming and called a closed meeting in order to deliberate the appeal. The Advisory Council went into Executive session. The Advisory Council reviewed Dominique and Jessica's playing time and roles on the 2010-11 Women's Basketball Team. The council also reviewed the letters submitted by the athletes. After much deliberation the Advisory Council decided to uphold Intramural Sports bylaw 17 and deny the appeals. President Knuth will notify Patrick Radigan of the council's decision.

- The council asked Deb Johnson to get a cost estimate for providing approximately 1/3 of the order as sleeveless.

C. Facility Reservation Priorities

- Jeff Lopez presented to the Advisory Council about the Big Event. The Big Event kick-off has been held at the Campus Rec Center for the past two years and they are hoping for it to be held at the Campus Rec Center again this year. It appeared as if a conflict would arise with a home spring volleyball match; however, the volleyball match has now been moved to April 14th.
- The Big Event will take place on Saturday, April 21st
- They would need to use the Rec Center's multipurpose courts 1-4 from approximately 5:30 a.m.-3:30 p.m. on that date
- The capacity of The Big Event has grown so large (approximately 2200 participants) that the Rec Center is the only facility that can adequately serve as a gathering place for the volunteers and staff.
- The Big Event Staff is asking the Advisory Council to consider making an exception to Campus Recreation's policy of keeping at least two multipurpose courts open for recreational use at all times. The exception request would only be for events that attract a large contingent of UNL students.
- The Advisory Council will deliberate amending Campus Recreation's policy regarding the availability of multipurpose courts at the March 6th meeting.
