**Open Forum and Announcements**

- A. ASUN vote on FY11 Budget Requests: Fund A is refundable. Fund B is not refundable. ASUN and CFA unanimously approved the Campus Recreation General Operations budget and the Repair and Improvement of Recreation Facilities budget was voted 26 to 1.
- B. UPFF Survey Results: 75 percent of students voting in the ASUN UPFF survey support \$130.25 of student fees being collected to support Campus Recreation Programs and Facilities. This was the highest approval rating of all of the UPFF agencies.

**Facilities**

- A. Campus Wellness ad hoc Committee Recommendation: The committee is focusing on a new East Campus Recreation Center, a possible new Outdoor Adventures Center at 14<sup>th</sup> & W streets, and remodeling the current Outdoor Adventures space at the Campus Recreation Center for strength training and conditioning equipment. The new Outdoor Adventures Center would include a climbing gym, bike shop, space for rental and trip gear, offices, customer service space, kitchen, restrooms, and conference room. A study of the area to determine possible soil contaminants, flood plain considerations, compliance with the Campus Master Plan, etc. would need to be completed before determining if a new Outdoor Adventures Center could be built on this site. The committee believes it is not in the students' best interest to vote on a referendum that doesn't have all of the answers; therefore, the referendum has been delayed until the fall of 2010. By voting in the fall, there is more time to develop a marketing campaign and educate students about the benefits of these new facilities. The referendum vote is expected to take place at the end of September or early October of 2010.
- B. Facility Project Updates: The Mabel Lee Hall pool has closed for repairs and will possibly be open late fall of 2010. The Tennis Court project that will replace and/or resurface the tennis and basketball courts along 17<sup>th</sup> Street is expected to be completed by late June.

**Committee Reports**

- B. Business Operations and Member Services: No report

- F. Fitness and Wellness Services – The new multi-gym equipment in the East Campus Activities Building is nearly fixed. There are still some needed minor adjustments to the equipment. Campus Recreation will not pay for the equipment until it is working properly.

- B. Kappa Sigma appeal of intramural sports eligibility rule requiring IFC membership in order to participate in Greek intramural sports leagues:

ARTICLE 10 currently states:

Players competing for their fraternity, sorority, and/or residence hall (RH) must be bona fide members of their respective units or floors. All legally processed pledges, including those living in residence halls, will be allowed to participate for their fraternity or sorority. Teams competing in the fraternity and sorority division must be in good standing with the Interfraternity Council and PanHellenic Council respectively. Respective units for residence halls have been reviewed and designated by the Campus Recreation Advisory Council and the Intramural Sports Program.

Kappa Sigma is requesting that ARTICLE 10 be amended to state:

Players competing for their fraternity, sorority, and/or residence hall (RH) must be bona fide members of their respective units or floors. All legally processed pledges, including those living in residence halls, will be allowed to participate for their fraternity or sorority. Teams competing in the fraternity and sorority division must be in good standing with the Interfraternity Council and PanHellenic Council or their national fraternity chapter respectively if they are not a part of IFC. Respective units for residence halls have been reviewed and designated by the Campus Recreation Advisory Council and the Intramural Sports Program.

After deliberation in executive session, the Kappa Sigma appeal of Intramural Sports Article 10 was denied by the Campus Recreation Advisory Council.
